Re: Charity of Choice Funds

Dear David,

PacificSource Health Plans is celebrating 90 years of providing health insurance for all communities in Oregon, Idaho, Montana, and Washington. Every year, PacificSource employees choose a charity in each of our regions to provide support financially and with volunteering in any area of need.

I am writing to personally congratulate you on being chosen as our charity of choice for 2023. Your organization has made a tremendous impact in our community and our staff are honored to support your efforts in assisting those in need.

As a non-profit organization, we believe in the importance of giving back to our communities, and successfully achieving our missions. We are committed to working together to improve the lives of those who are facing difficult circumstances.

We look forward to supporting your mission now and in the future. Once again, congratulations on this accomplishment, and we wish you all the best in your continued efforts to make the world a better place.

Please feel free to contact me with any questions, concerns and how we can help support your mission.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Lovshin", written over a light blue horizontal line.

Todd Lovshin
Washington Market President
