

Activities we offer

A Step Ahead in Pierce County offers a variety of activities to enhance your child's educational experience! You can find ALL of our events on our facebook page as well as the calendar of events on our website.

Field Trips:

Happen throughout the year to the YMCA, Zoo & various parks. Each of these events is geared toward 0 to 3 year olds and their families. Siblings are always welcome at these events!

Play to Learn:

Small classroom activities are also available to help children get used to classroom routines prior to going to preschool. Your child will need to be recommended by their teacher or therapist to attend the class.

A Story Alive:

This even is held 3 times a year in partnership with the Children's Museum of Tacoma. A book is brought to life with sensory, art, and activities that engage your child in the story. Tacoma School of the Arts students present the story as a play for families to enjoy. There will be singing and a fun group activity. At the end, children are sent home with a snack, and a copy of the book while supplies last.

Imagination Playground:

Sponsored by the Pierce County Library & held at the administration building. Come join us for Block Play where your child can build and create with large blocks! They will also be able to engage in play with other children & families.

Carnival:

A Step Ahead hosts a Carnival every year in the summer for its families. It's a fun filled time where there are many activities & games your child can participate in for prizes. Some of the crowd favorites include Pony Rides, Fishing for Prizes & the Petting Zoo.

Special Thanks:
